Medina Hilton Double Tree

Location: Medina, The Kingdom of Saudi Arabia

Year: 2020

Status: Completed

Program: 5* Hotel

Based on a concept inspired by the local textures of flora and geology, the interior design is developed with mimicry and delicacy through natural finishes such as walnut wood, limestone flooring or black marble. The calm and serenity of these materials contrasts with an oxidized chromatism that is applied to fabrics and accessories.

Suite

Coffe lounge

Bedroom

The Reception lobby will welcome the guests into a bright and soothing space, bringing the serenity of the the desert, into this space. The focal point of the space is the sculptural staircase appearing like a monolithic block and a featured lighting in Arabic calligraphy saying Ahlan Wa Sahlan (welcome). A decorative 3d mashrabiya takes place behind the reception desk imitating the mashrabiya located on the exterior facade. The pastel colors contribute to the serenity of the space.
